

**University of Florida College of Medicine - Jacksonville
Chair, Department of Neurosurgery**

The University of Florida College of Medicine - Jacksonville, Florida invites applications and nominations for Chair of its Department of Neurosurgery. Candidates must possess an M.D. degree, board certification in neurosurgery and qualifications meriting appointment to the rank of Professor on either the tenure or non-tenure track. The ideal candidate must possess an exceptional track record of building and sustaining high quality and financially strong clinical programs, distinguished scholarly activity, and superior leadership and managerial skills. Our faculty neurosurgeons work in close conjunction with UF neurologists, neuroradiologists and neuropsychologists to provide comprehensive patient care at the Shands Jacksonville Neuroscience Institute. We also provide pediatric neurosurgery services to Wolfson Children's Hospital. Our department is nationally recognized as a premier referral center for the treatment of spasmodic torticollis, and provides a complete range of subspecialty care. Salary is negotiable and will be commensurate with experience. The Search Committee will begin reviewing applications on November 30, 2009 and will continue to receive applications until the position is filled.

Interested candidates should forward a current C.V., letter of interest,
and the names and addresses of three references addressed to:

Michael S. Nussbaum, M.D., Chair, Search Committee
